

ACFHP Science and Data Committee DEIJ Data Layers Decision Tree

April 22, 2022

Decision Tree Part A

Are you satisfied with EPA's Environmental Justice Screening and Mapping Tool methodology?

no yes

What do you suggest as an alternative?
Discuss.

Any obvious data layers missing?

no yes

Which layers? Discuss.

How should ACFHP consider these layers?

- Quick analysis to set geographic priorities for Strategic Plan
- Quick analysis to determine Strategic plan priorities other than geography
- Use results to inform project selection criteria
- In depth analysis for geographic focal areas (multi-year, more \$)
- In depth analysis to determine ACFHP focus other than geography (multi-year, more \$)
- Other. Discuss.

Decision Tree Part B
