### Draft Agenda

*The times listed are approximate; the order in which these items will be taken is subject to change; other items may be added as necessary.*

#### **Tuesday, May 23**

- 1) Welcome and Introductions (*M. Cieri*) 1:00 p.m.
- 2) Review 2019 Benchmark Models 1:05 p.m.
  - EMO Objectives Table (*K. Drew*)
  - Time-varying  $r$  (*G. Nessler and M. Wilberg*)
  - Steele-Henderson model (*J. Uphoff*)
  - Multi-species statistical catch-at-age model (*J. McNamee*)
  - NWACS-Full (*A. Buchheister*)
  - NWACS-MICE (*D. Chagaris*)
- 3) Public Comment 4:45 p.m.
- 4) Adjourn 5:00 p.m.

#### **Wednesday, May 24**

- 1) Review Progress on 2019 Benchmark Research Recommendations (*M. Cieri*) 9:00 a.m.
- 2) Review 2019 Benchmark Data Sources 9:30 a.m.
  - Diet data (*M. Celestino*)
  - Predator and prey abundance data (*K. Drew*)
- 3) Data Request Format (*ERP WG*) 10:30 a.m.
  - Existing datasets to update
  - High-priority new data sources to seek out
- 4) Public Comment 11:45 a.m.
- 5) Adjourn 12:00 p.m.

#### **Thursday, May 25**

- 6) Preliminary Recommendations on 2019 Models (*ERP WG*) 9:00 a.m.
  - Which models to carry forward
  - High priority updates/modifications to model structure
- 7) Potential Alternative Models to Explore (*ERP WG*) 10:30 a.m.
  - Indicators
  - Ecosystem Harvest Control Rules
- 8) LUNCH 12:00 p.m.

- |   |           |
|---|-----------|
| 9) Discuss Spatial ERPs ( <i>ERP WG</i> ) | 1:30 p.m. |
| • Long-term data and modelling needs      |           |
| • Short-term alternative approaches       |           |
| 10) Timeline and Tasks ( <i>K. Drew</i> ) | 3:30 p.m. |
| 11) Other Business                        | 4:00 p.m. |
| 12) Public Comment                        | 4:30 p.m. |
| 13) Adjourn                               | 5:00 p.m. |

*Breaks will be taken in the morning and afternoon as necessary.*
