- 1) **Welcome/Review Agenda** (*D. Colson Leaning*) 9:00-9:05 a.m.
- 2) **Update on 2022 Summer Survey** (*M. Hunter*) 9:05-9:10 a.m.
- 3) **Discuss Northern Shrimp Work Group's Questions** (*TC*) 9:10-10:25 a.m.
 - If the summer survey is retired, what other metrics/surveys can be relied on to inform stock assessments?
 - The summer survey is effective at capturing the 1.5 year old shrimp. What other surveys pick up on this recruitment trend that could replace the summer survey?
 - How will assessment model performance be impacted without the summer survey data? Will the projections be affected?
 - If we do adopt new surveys/data for future use in assessments, how will we bridge the gap from a continuity standpoint? How will we be able to piece together a time series with different surveys?
- 4) **Public Comment** 10:25-10:30 a.m.
- 5) **Other Business/Adjourn** 10:30 a.m.
