About FMAT Meetings

FMAT meetings are working meetings of FMAT members. Information on FMAT meeting locations and how to connect via phone or webinar (if available) may be obtained by contacting Council staff prior to the meeting. This information is not posted to the Council's website. The

date and time of FMAT meetings are generally posted to the calendar on the Council’s website, sometimes with very little notice. FMAT members may discuss topics listed on the agenda in any order and may also discuss topics not listed. Members of the public may attend FMAT meetings, or listen to the meetings if they are broadcast, but should not expect to participate in the discussion unless the FMAT chair invites public input during a specified public comment period to be noted at the beginning of the meeting. Work carried out by the FMAT is considered during committee and/or Council meetings, during which public comments are encouraged.
