ASMFC Spiny Dogfish Board Approves 2018 Fishery Specifications

Norfolk, VA – The Commission’s Spiny Dogfish Management Board approved a spiny dogfish commercial quota of 38,195,822 pounds for the 2018 fishing season (May 1, 2018 – April 30, 2019). The Board maintained a 6,000 pound commercial trip limit in state waters (0-3 miles from shore) in the northern region (Maine through Connecticut). The quota and northern region trip limit are consistent with the measures recommended to NOAA Fisheries by the Mid-Atlantic Fishery Management Council. States in the southern region (New York to North Carolina) have the ability to set state-specific trip limits based on the needs of their fisheries.

2018 marks the third year of the current federal 3-year specifications cycle. It is anticipated the stock assessment will be updated in 2018 to inform development of fishery specification recommendations, including the commercial quota, for 2019 and beyond. Additionally, the Board intends to discuss issues raised by the Advisory Panel (and other fishery participants) in more detail prior to setting 2019 specifications. The timing of the next benchmark stock assessment for spiny dogfish is less certain, however, the Board supported the Council’s recommendations to conduct a benchmark stock assessment in 2019, or soon after.

The 2018 spiny dogfish commercial quota allocations (in pounds) for the northern region and the states of New York through North Carolina are described below. Any overages from the 2017 season will be deducted from that region’s or state’s 2018 quota allocation. Similarly, any eligible roll overs from the 2017 season will be applied to that region’s or state’s 2018 quota allocation.

	Northern Region (ME-CT)	NY	NJ	DE	MD	VA	NC
Possession Limit	6,000	To be specified by the individual southern region states					
Allocation	58%	2.707%	7.644%	0.896%	5.92%	10.795%	14.036%
2018 Quota	22,153,577	1,033,961	2,919,689	342,235	2,261,193	4,123,239	5,361,166

The Atlantic States Marine Fisheries Commission was formed by the 15 Atlantic coastal states in 1942 for the promotion and protection of coastal fishery resources. The Commission serves as a deliberative body of the Atlantic coastal states, coordinating the conservation and management of nearshore fishery resources, including marine, shell and diadromous species.
